Education

- Kampala International University**
Diploma In Computer Science
2024- 2026
- Alison**
Diploma In Machine Learning with Python
2024-2026
- Coursera**
Google Cybersecurity Professional Certificate - 2024

About me

I'm a passionate Software Engineer skilled in front-end and back-end development, cybersecurity analysis, and machine learning. I build secure, efficient, and intelligent systems that solve real-world problems. With a strong foundation in modern frameworks and data-driven solutions, I thrive in dynamic environments where innovation and problem-solving are key. I'm always eager to learn and grow while delivering impactful digital solutions.

Job Experience

- Senior Web Designer**
THE CITY CHURCH-LUZIRA Volunteer
2025-Present
Developed and maintained The City Church's website, ensuring a responsive, user-friendly experience. Managed updates, integrated media, and supported online engagement for church activities
- IT Officer**
Solis Uganda Limited
2024-2025
As an IT Officer at Solis Uganda Limited, I managed the company's IT infrastructure, provided technical support, maintained networks and systems, ensured cybersecurity, and streamlined digital operations.
- Backend Developer**
wHTa Networks - Kenya INTERNSHIP
Feb 2024-April 2024
As a Backend Developer at WHTa Network, I designed and maintained server-side logic, developed APIs, optimized database performance, and ensured secure, scalable backend systems for web applications.

Education

- Coursera**
Meta Front-End Developer Professional Certificate - 2023
- ALX (African Leadership Experience)**
Alx Certificate In Software Engineering (Backend Development) - 2023

Front-End Development: HTML, CSS, JavaScript, React, Vite.js, Tailwind CSS

Back-End Development: Node.js, Express.js, Python/ Flask, MongoDB, MariaDB, MySQL

Cybersecurity: Security analysis, vulnerability assessment, secure coding practices

Machine Learning: Python (with ML libraries), model training and evaluation

Web Hosting & Deployment: cPanel, GitHub Pages, FTP

UI/UX Designing: Figma, Adobe Illustrator responsive design, user flow optimization, wireframing

SEO: On-page optimization, keywords, performance & accessibility best practices

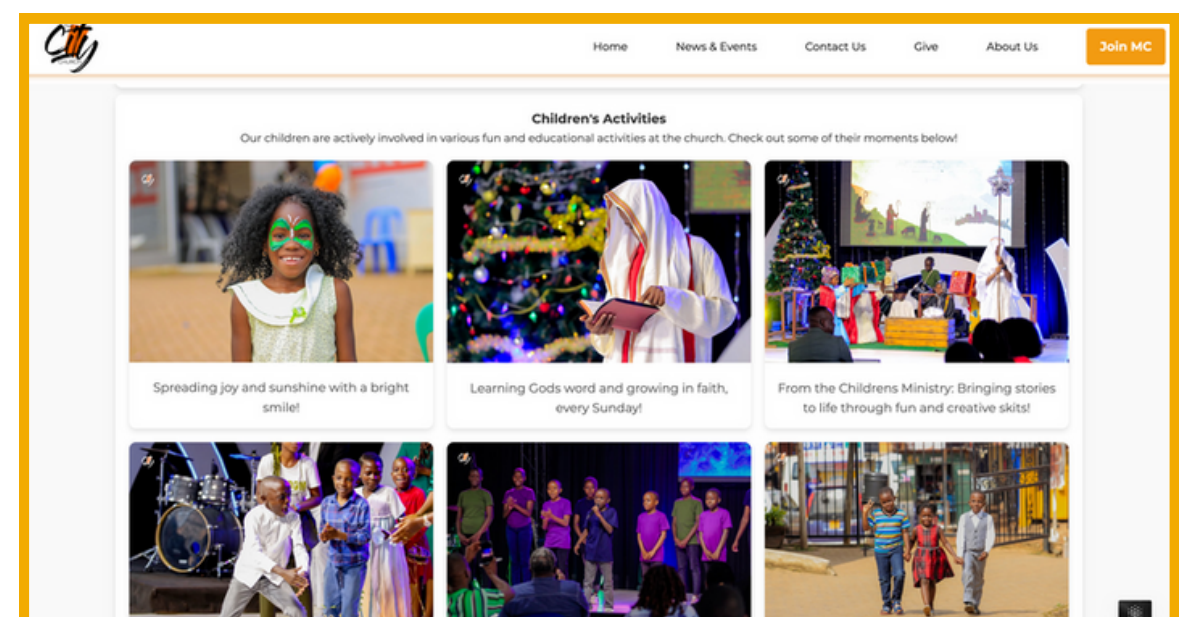

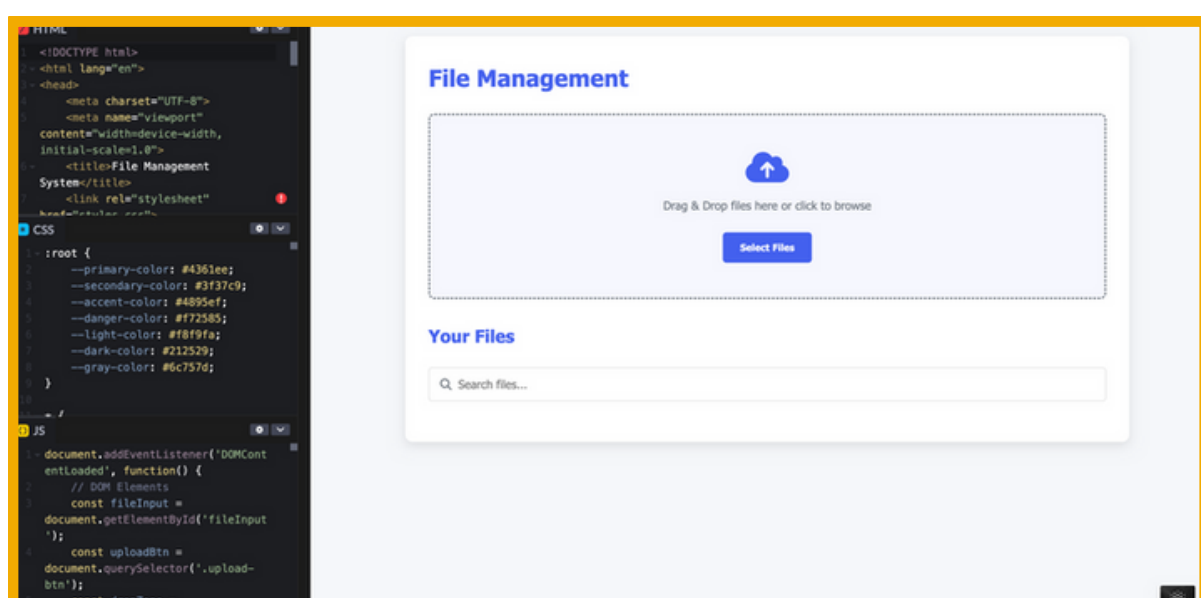

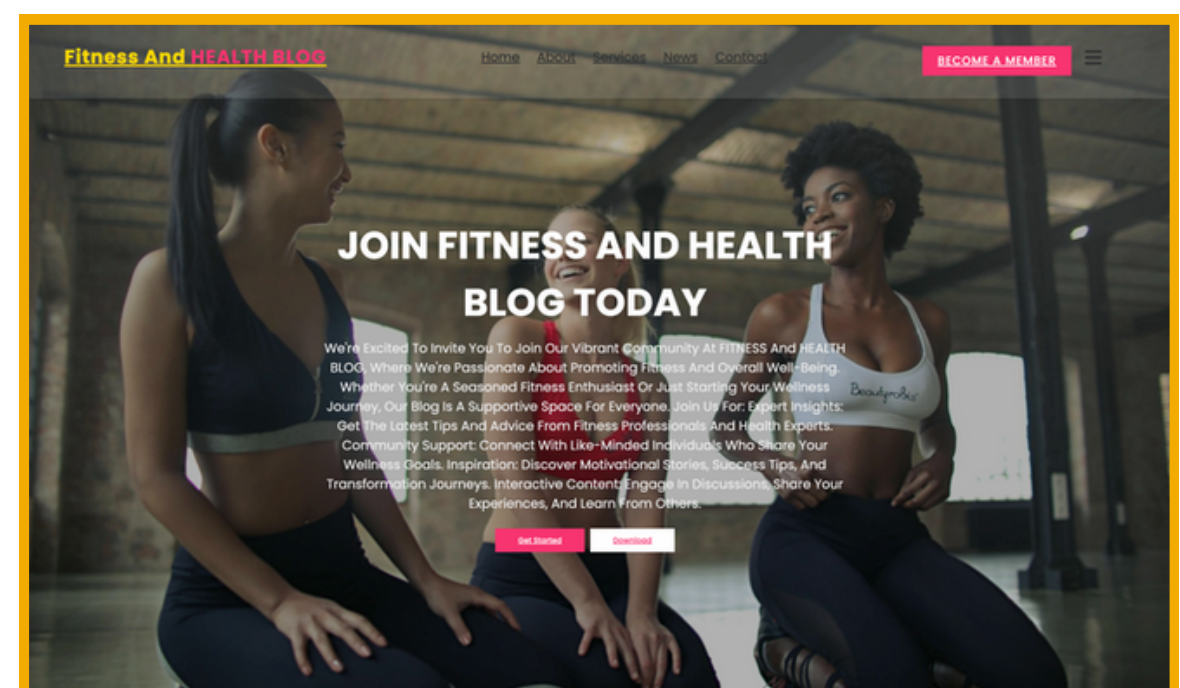

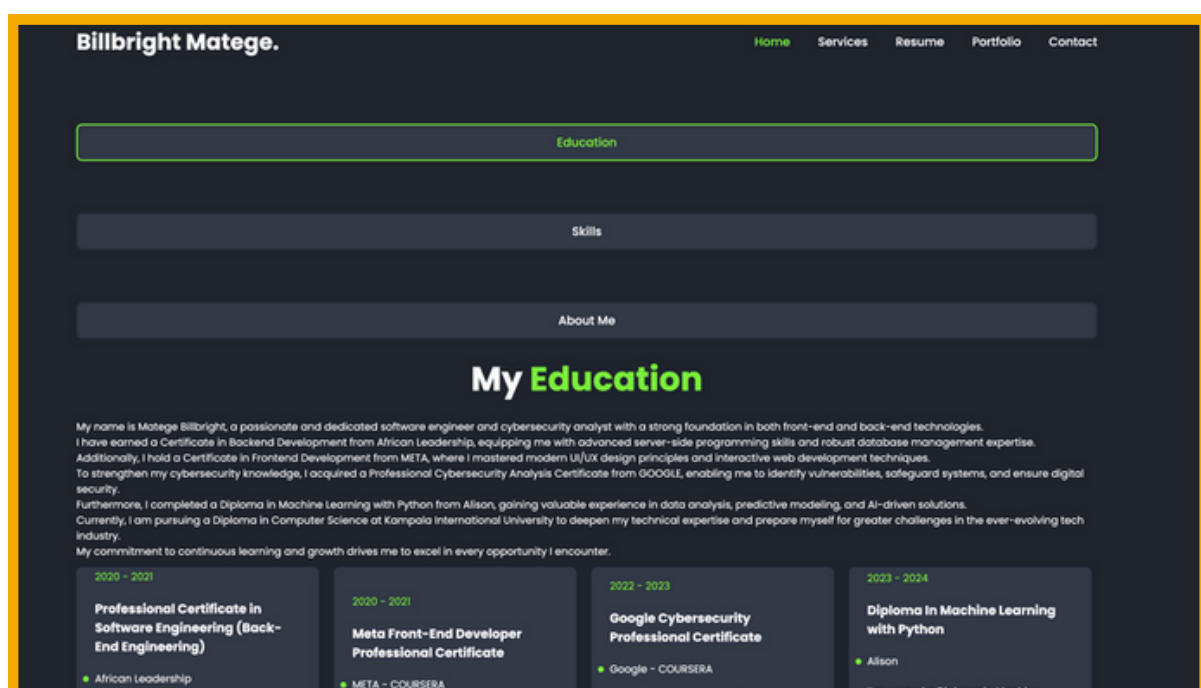

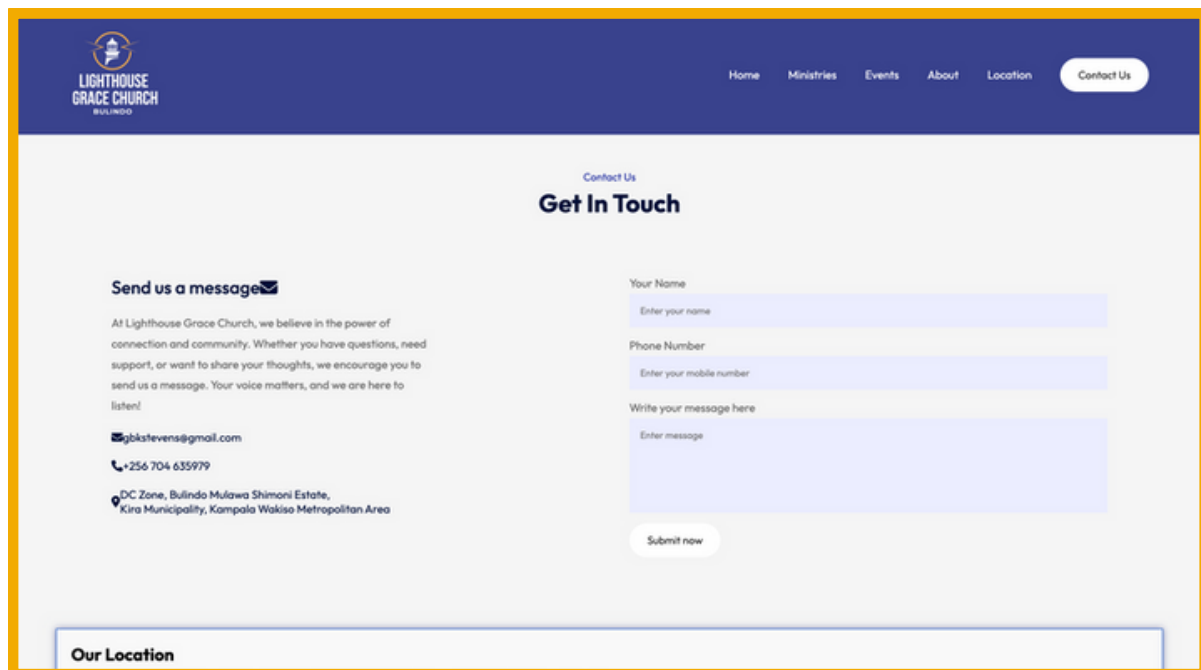

API Integration: REST APIs, WhatsApp API, Mindbody integration

Version Control: Git, GitHub

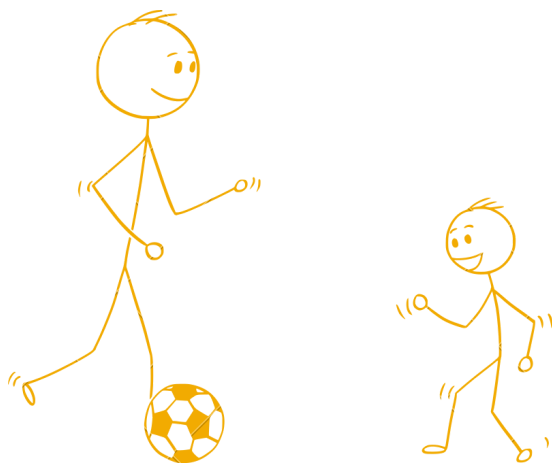

CMS & Admin Tools: WordPress basics, dashboard creation

Other Tools: Postman, VS Code, Terminal/CLI usage
